

# TODD NICHOLS

## WEB DEVELOPER

Looking for a great culture that values learning and creativity.

I am a full-stack web developer who recently took the plunge and learned the back-end at Omaha Code School.  
I love it all, from the HTML/CSS in the browser all the way to the database on the server.

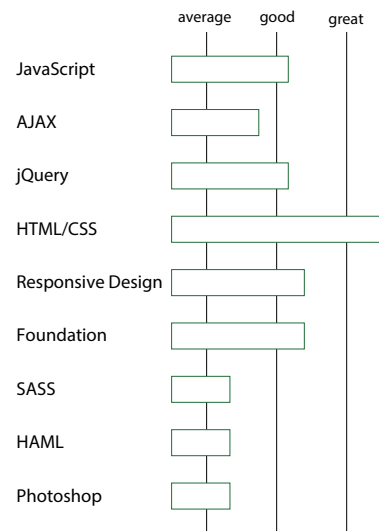

### WORK EXPERIENCE

Freelance July 2012 - Present	<b>WEB DEVELOPER/DESIGNER</b> Help Omaha area businesses establish an online presence. Built a Sinatra application for Scratchtown Brewing Company. Developed a static website for Concept Electric Company. Created a static website for Mutchie Tree Service.
Omaha Code School Feb 2014 - May 2014	<b>STUDENT</b> Learned all of the basic skills to become a full-stack web developer. Obtained the soft skills of being a good team developer and how to effectively learn more skills. Contributed to the building of a Rails application for the SMAC! Angels program. Developed a Rails baseball team management application.
DTN Nov 2013 - Feb 2014	<b>WEB DESIGN TEAM LEAD</b> Founded a three member custom web design team. Established a new tiered design pricing structure to increase revenue. Implemented and taught the fundamentals for an agile design environment. Designed websites utilizing HTML, CSS, JavaScript, and jQuery.
DTN July 2013 - Oct 2013	<b>WEBSOLUTIONS MANAGER</b> Managed an eight person web hosting group. Reorganized the group into a team structure to maximize their strengths and happiness. Developed and managed the department's inaugural website, dtnwebsolutions.com. Centralized all client information into one location.
DTN May 2011 - July 2013	<b>WEBSOLUTIONS CONTENT SPECIALIST</b> Designed websites utilizing HTML, CSS, and JavaScript. Setup, supported, and used XML data feeds/API's for clients. Developed Ruby applications using DTN API's for potential customers. Created responsive mobile websites for iOS and Android operating systems.
